

Data Sheet with Sample Data: Time-Telling Skills C1, C2—Telling Analog Time by Five-Minute Increments

Student: Joe

Year: 2013

Circle the correct responses and mark a line through incorrect responses. To see a graph of the student's progress, in each column, draw a square around the number that represents the percentage correct; then connect the squares with a line. The "1" through "10" represents both the number of trials on a given day and the percentage correct. Indicate Level C1 or C2.
